Is your company tax-exempt?	No
Is your company registered for GST?	Yes

Is your company an entity incorporated in Australia, including start-ups and a trading corporation, where trading activities form a sufficiently significant proportion of the corporation's overall activities has to merit it being described as a trading corporation or are a substantial and not merely peripheral activity of the corporation?

Yes

Will this Project increase the use of Renewable Energy Technologies, including electrification, and assist in your company's Decarbonisation Strategy?

Yes

Will this Project focus on either Surface Treatment, Process Steam, or Metal Processing?

Yes

Can you measure the anticipated savings in CO2 as a result of this Project?

Yes

Can you measure any anticipated cost savings in energy as a result of this Project?

Yes

Can this Project be scaled to other parts of your business or shared with industry peers?

Yes

Can you describe the history of the Lead Applicant, demonstrating a track record in managing similar projects with the required skills and contributions to the Project?

Yes

Can you detail the financial viability of the Lead Applicant, including details of access to capital to fund the Project?

Yes

Can you describe your ongoing Intellectual Property (IP) strategy for products or energy technologies developed during this project, including how you will protect both your own IP and that of your customers?

Yes

Are you able to complete a Budget Table and Project Milestones including names of suppliers and detailed activities?

Yes

I understand that this Fund focuses on decarbonisation and a move away from fossil fuels as an energy source. Project applications will be considered on a first-come, first served basis, and I will contact AMGC to discuss my application's eligibility.

Yes

I understand that Key Learnings on this Project will be captured and shared with AMGC staff, ARENA personnel, and industry at large (where IP is not compromised) to encourage replicability of best practices.

Yes

I understand that Projects focusing on technology including software must form an integral part of the manufacturing decarbonisation process and stand-alone software technology would not fit the purpose of the Fund.

Yes

I understand that there will be the potential of content (images, videos, and interviews) and media requirements as part of the Fund.

Yes

Project overview

How much funding are you seeking in this application?

A\$1,000.00

Expected project duration - in months

12

Project Postcode

2000

Provide a brief summary of the project. What is the objective of the project? (1000 words)

| Application Example

Project Information

Program outcomes (20 points)

Please describe how your project will increase the use of Renewable Energy Technologies. Include details on whether the proposed technology or industry use case is new, novel, or innovative, and how it differs from existing solutions. (500 words)

| Application Example

Please explain how adopting Renewable Energy Technologies will improve your business’s efficiency, competitiveness, and resilience. (500 words)

| Application Example

Please describe how this project will support a novel Renewable Energy Technology, its commercialisation and/or broader industry adoption beyond your business. (500 words)

| Application Example

Please identify any barriers to Renewable Energy Technology uptake that your project will reduce or remove. (500 words)

| Application Example

Please outline the expected benefits of the project (500 words)

| Application Example

What is the anticipated reduction in CO2 (%) emissions for the next 12 months?

	Months	CO2 (%)
1	6 months:	5%
2	12 months:	10%

What is the anticipated cost savings (\$) for the next 12 months?

	Months	\$
1	6 months:	A\$5.00
2	12 months:	A\$10.00

Capability and capacity (20 points)

Please demonstrate your organisation’s capability to deliver the project, including management, commercial, and technical expertise. (500 words)

| Application Example

Please demonstrate your organisation’s capacity to deliver the project, including project management, technical expertise. (500 words)

Design, methodology, risk, and compliance (20 points)

Please describe your project plan, including clearly defined objectives, activities, and methodology. (500 words)

Please complete the Risk Assessment.

	Standard identified risks	Applicant identified risks	Risk ratings (Low, Medium or High)	Strategy for management risks/ issues (please add risk management comments)

2			0	0
3			0	0
			A\$1.00	A\$1.00

Do you have another Milestone?No

Please explain if the project would not proceed without funding support through this program. (500 words)

| Application Example

Please provide evidence of your organisation’s financial viability. (500 words)

| Application Example

Knowledge Sharing

Are you willing and able to participate fully in Knowledge Sharing activities? Yes

Please outline your approach to intellectual property (IP) generated through the project, including your willingness to share non-confidential insights, outcomes, and learnings with AMGC, ARENA, and broader industry to support Program improvement. (500 words)

| Application Example

Project Collaborators

How many project collaborators are participating in the project? 1

Project Collaborators

Collaborator/Legal Entity Name

Application Example

Collaborator Business/Trading Name (if different)

Application Example

Brief history of the collaborator, including any experience relevant to the project. (200 words)

Application Example

Collaborator's Website URL

<https://test.com.au>

What is this collaborator's contribution to the project? (300 words)

Application Example

Business Type

Other (Please describe below)

Which sub-industry does the collaborator belong to? (Please tick all that apply)

Apparel/Textile

Collaborator Address

Application Example

Collaborator Post Code

2000

Collaborator State or Territory

NSW

Project contact e-mail address

emilia.shelston@amgc.org.au

Collaborator City/Suburb Name

Application Example

Collaborator ABN

123456789

Is this business indigenous-owned? (This information is for government statistical purposes only.)

Not Indigenous-owned

Name of project contact for this collaborator

Application Example

If you selected "Other" above, please describe the nature of your business

Application Example

Is this organisation an AMGC Member?

Yes

Project contact telephone number

+6123456789

Are there any reputational, technical, social or political risks associated with this collaborator?

No
